

Model		C12E
Dimension	Net(mm)	408*205*279
	Shipping(mm)	465*225*295
Weight	Net(kg)	12kg
	Shipping(kg)	13.5kg
Container Qty.	20FT	720 units
	40FT	1,500 units
Cold	Cold Tank Material	STS304
	Cold Tank Capacity(L/h)	5.0L/H
	Cold Tank Volume(L)	2.0L
	Condenser	Wire type
	Temperature Control	Cold Water Thermostat
	Cold Water Temperature	2°C~8°C
	Compressor	Internally spring mounted hermetically sealed LG compressor
	Refrigerant	R134a
	Cold Power Consumption	120W
Hot	Hot Tank Material	
	Hot Tank Capacity(L/h)	
	Hot Tank Volume	
	Heater Type	
	Temperature Control	
	Hot Water Temperature	
	Hot Power Consumption	
Features		Airless cold water tank prevents from air-contamination
		Compact and powerful cooling performance
		Metal body gives a longer durability
		With filtration, it can make clean and cold drinking water
