

A facelift, a name change, and a star is re born

jazz 1000

A younger cousin, the **jazz 1000** adds style & attitude, whilst inheriting the legendary reliability and build quality of the AA 1000 (all spares are interchangeable).

jazz 1000 a hard working -, stylish -, no nonsense cooler, which hits all the right notes.

- Style & attitude, in tune with modern living
- Legendary reliability - proven more than 10,000 times
- Solid build quality, designed to last
- Refreshing uncomplicated technology
- Low cost pure drinking water

Reliability with Style & Attitude
